Completion of Del Monte Fishing Pier Assured at Monday's C. of C. Meeting

CITY OFFICIAL TELLS OF ARCHITECTURAL CONTROL AND EFFECT

At the Monday night meeting of the Ocean Beach Chamber of Commerce, in the Woman's club house, new light was thrown on an old issue—that of the completion of the Del Monte Ave. fishing pier. Andy Tosh, chairman of the Chamber's fishing pier committee, reported on his conference with Mayor Harley Knox regarding the issue and said that the Mayor had committed himself to the Ocean Beach Chamber of Commerce that the funds were available to complete the pier and work would get under way as soon as materials become available.

Speaker for the evening was Harry Haelsig, assistant city planning director, who was introduced by program chairman John Titlow, and who talked on architectural control. Mr. Titlow, in introducing Mr. Haelsig, emphasized that the recent influx of unsightly biuldings into our residential district has resulted in increasing interest in what steps can be taken to discourage these shacks. Mr. Haelsig elaborated on

Fire Chief Sounds Warning Against Brush, Grass Fires

The month of April is National Fire Prevention month and the following warnings have been received from San Diego Fire Chief John E. Parrish about the need for special precautions:

"The lack of rainfall this year may possibly create a serious brush and grass fire problem, and people are urged to pay greater attention to fire prevention, particularly in areas where canyons and vacant lots are located. Householders should start now to clean up around their homes and to remove the combustible materials that may aid the start or spread of fire.

"Homes built on canyon rims are particularly vulnerable to fire, but some measure of protection can be obtained by clearing an area of 20 to 30 feet from all structures on the property."

The method of disposal of waste and refuse, collected in the cleanup effort, brought a special word from Parrish, and he listed

HANDLEY'S CAMERA TEAM WINS SWEEPSTAKES PLAY

In the sweepstakes play-off last Thursday night of the Mixed Foursome League, the Handley Camera Exchange team took first place, shooting a total of 2002. The league winners, Wiley's Cafe, who set a world's record for consecutive wins, placed second with a 1896 pin total. Coffee Cup Four, the team which was on the bottom of the league for most of the season came in third. Kyles Plumbing missed third place by three pins.

Members of the Handley Camera Exchange team are: Mary Hamilton, captain; Nital Redmon, Bruce Creager and Jack Miller.

Pamela Ruth is the name Mr. and Mrs. Guido E. Faber chose for their new baby girl born Thursday, April 3, at the Quintard hospital. The grandparents are Mr. and Mrs. Guido H. Faber of Ocean Beach and Mr. and Mrs. O. A. Frederickson of Chicago, Ill.

WHICH SHALL IT BE—SHACK TOWN OR UTOPIA?

This is going to be a blunt editorial and we do not expect to make many friends because of it. We are going to write bluntly because we feel that it's about time the residents of Ocean Beach made up their minds whether they want this to be a community of unsightly shacks which make appropriate the formerly-undeserved title of "Shack Town" which certain down-town San Diego interests have applied so liberally in the past to Ocean Beach, or whether they want to take advantage of the golden opportunity to make this community the immaculate, respected residential and business area which it so rightly deserves to be.

We realize that the unsightly buildings which have given rise to the uncomplimentary remarks about Ocean Beach in the past represent an investment to their owners and we do not propose that these be torn down (at least not until satisfactory replacements can be obtained), but the current influx of decrepit army mess hall buildings into vacant lots in Ocean Beach is just one too many, even to those who have the most callous and indifferent attitude toward the community in which they live.

The San Diego business interests which are making a good thing out of ruining our residential area are quick to invoke the seemingly indisputable and justifiable accusations that those who try to prevent the erection of mess halls here are depriving veterans of badly needed roofs over their heads. Well, the writer is an overseas veteran of the war and we will go on record right now as believing that there are few veterans who do not prefer to wait a little longer and live in decent surroundings. We are fully aware that these veterans and their families are very likely now living in temporary and unsatisfactory quarters, but since they have put up with these conditions this long it seems sensible to wait until they can build, buy or rent homes of which they can be proud and which will be credits to their community and not eyesores and fire hazards.

We call on every resident of Ocean Beach who has pride in his community and who wants this area to become what nature intended it to be—a beach utopia—to protest strongly to the city government against any further encroachment upon the beauty of our residential zone.

Newport Avenue Gets Much-Needed Resurfacing Job

Newport Avenue of Ocean Beach was re-surfaced Wednesday and Thursday this week by the Street Division of the San Diego Department of Public Works. T. T. Baines was in charge of the re-surfacing which included Newport Avenue from Abbott St. to Sunset Cliffs Blvd. and the 1900 block of Bacon St.

Monday and Tuesday air compression blow guns were used to rid the streets of all dust before re-surfacing began. The actual covering of the streets with plant mix and asphaltic material began Wednesday morning with parking prohibited in the area repaired. Traffic was not blocked off these streets, and parking was again permitted shortly after the job was completed.

Local Businesses Plan to Stay Open Saturday Nights

WILL REMAIN OPEN UNTIL 8 P. M. TO AID OCEAN BEACH SHOPPERS

Several Ocean Beach merchants announced this week that their stores will remain open until 8 o'clock on Saturday evenings in the future. Lloyd Greeson, spokesman for the group, reported that this step was being taken "to give the residents of the Ocean Beach area better opportunity to take advantage of the excellent shopping facilities of our business district." As reported to the News office, some of the merchants plan to inaugurate the later closing hour this Saturday, April 12, and others will follow suit next week-end.

A tentative list of those merchants who have definitely decided to remain open Saturday evenings, as reported to the News this week, include: Baker's Smile Shop, Burdine's, Cords Paint Store, Greeson Hardware, Home Appliance Store, Montgomery's Auto Supply, Veda Moss Style Shop, Nedra's Gift Shop, Ocean Beach Furniture, Sportswear by Marc and Strand Radoi.

Mr. Greeson emphasized that the above list is incomplete as he was unable to contact all the local merchants.

Fishing Barge to Be Anchored Off P. B. Crystal Pier

The Chamber of Commerce has received word that a fishing barge consisting of an approximately 207-foot ship equipped with refrigeration service and staterooms, will be anchored off the Pacific Beach Crystal Pier, between two and three miles out, just beyond the kelp beds in 14 fathoms of water. An arrangement has been made with the Crystal Pier owners to permit landing and departures to and from this barge on a 30-minute schedule. In the plans also is the proposal to have ship-to-shore telephone service so that business men may keep in touch with their office while at sea.

Fish and chips and luncheon will be served for those who wish to continue fishing through the evening. Provisions will also be made for those who wish to fish during the night, and, for those who wish to spend the night and fish in the early morning, stateroom accommodations will be installed. A certified Master will be in charge of the ship, and boats transferring people from the ship to the shore will be in charge of licensed operators.

Hendrickson's Return From Vacation in North

Mr. and Mrs. Paul Hendrickson of Ocean Beach reported that their recent vacation was a very pleasant one. They left town on March 20, for the Wrightwood mountain resort in the San Gabriel range, where they spent a week. According to the Hendricksons it was a haven of tranquility. From the resort they continued on their way to Lucerne Valley by way of Arrow-Head and Big Bear lake, and then on to San Joaquin Valley. "The valley was beautiful with spring flowers, although there has been a lack of rain this year," Mrs. Hendrickson said. They returned the week-end of April 1.

Recreation Center Dedication Draws Large Audience

VICE-MAYOR C. C. DAIL GIVES DEDICATION TALK; CRARY EMCEES OCCASION

The new $87,000 Ocean Beach Community Center was officially dedicated at colorful ceremonies Thursday evening, April 10. In the absence of Mayor Harley E. Knox, Vice-Mayor Charles C. Dail gave the dedicatory address. Gerald C. Crary, City Councilman for the district of which Ocean Beach is a part, presided as Master of Ceremonies and introduced the speakers.

Councilman Crary Asks for Yes Vote On Proposition 6

WOULD PROVIDE STATE FUNDS FOR ACQUIRING PRIVATE BEACH PROPERTY

Gerald C. Crary, City Councilman representing Ocean Beach and the North Shore area, advocated public support of Proposition No. 6 on the April 15 ballot, in a radio address over a San Diego station Friday evening, April 4. This proposition provides that some $300,000 worth of state funds be used to acquire beach property now in private hands, with the ultimate objective of developing these beach areas into state parks.

Mr. Crary revealed that, of the 19 miles of ocean shoreline in the San Diego city limits, 4.2 miles are satisfactory for public bathing and recreation, and of these 4.2 miles one fourth is now in private hands.

"I have always firmly believed that beaches should belong to all of the people," Mr. Crary said. "For the public to use the beaches in ever-increasing numbers, there must be access to all the usable

Kiwanis Club Sees Movie on Aircraft Industry in S. D.

SHOW DEPICTS GROWTH OF CONSOLIDATED, OTHER AIRCRAFT FACILITIES

The Ocean Beach Kiwanis club enjoyed a film depiction of the history of the San Diego Aviation industry at their Tuesday night meeting in Wallace Hall. The movie, called "Cradle of Liberty," pictured the growth of the Consolidated Aircraft plant, Lindbergh Field and other aviation installations from an infant industry of the twenties to the booming industrial giant of today.

Illustrative of the great strides in aircraft development were the shots of the first planes turned out at Consolidated as compared to the B-32's and cargo planes of today. Other scenes showed Lindbergh Field in the process of construction. The program chairman for the evening was Paul Campbell.

Several guests attended from other clubs. Henry Holman, president of the club, presided at the business session.

The choppy sea and rough surf kept bathers on the beach last Saturday and Sunday, reports Life Guard Gordon Penwarden. The safety devices on the beach were observed by the bathers and no rescues had to be made. According to Penwarden dogs have become troublesome on the beach and dog catchers are now on duty and will pick up any stray dogs.

Program for Disposition of Azure Vista Housing Units Outlined by F.P.H.A.

PRESENT OCCUPANTS TO HAVE FIRST PRIORITY IN PURCHASE OF UNITS

Azure Vista is one of the nine housing units to be offered by the seven-point program outlined by FPHA Regional Director Langdon Post, when he conferred with Mayor Knox last Thursday, April 3. The first steps toward selling more than 9000 Federal Public Housing Authority permanent and semi-permanent demountable units to individual and groups will take place soon, Mr. Post said. He brought out the following points at a public meeting the same afternoon:

1. Present occupants of FPHA units will have first priority when they are sold. Units not purchased by occupants will be made available to veterans and then if any are left they will be put on the public market.

2. The price will be set for each individual unit on its "real value," not on the basis of what it cost to build nor on the basis

The "Blues," under the captaincy of Spike Webb, are doing everything possible not to have to eat beans while the Gold team eats steak. The "Golds," with Milt Plummer as captain, hold a slight edge over the "Blues" in the contest at present.

PUPPETS ENTERTAIN KIDS THIS MORNING IN NEW RECREATION CENTER

"Puss in Boots" is the title of the Puppet show to be given at the open house for elementary school children, at the new Ocean Beach Recreation Center, on Santa Monica Ave., this (Friday) morning. Two shows will be given, one at 10 a. m. and one at 11. The puppets will be operated by Mr. and Mrs. Richard Kelley, formerly with the Stockton Children's Theatre. The Kelleys toured the states for over four years, presenting the shows in schools and churches. Mr. Kelley is at present director of the Azure Vista recreation center.

Mr. and Mrs. Tom Plant and sons, Bill and Bernie of 4836 West Point Loma Ave., took a trip to the Laguna mountains last week-end. They reported six inches of snow fall on last Friday night in the mountains. Due to the snowstorm it was necessary for them to have their car towed out to get back to sunny Ocean Beach.

MEET YOUR OCEAN BEACH NEIGHBORS

Dr. Winton Oster

(Studio of the Cliffs)

This week we take pleasure in introducing to our readers the secretary of the Ocean Beach Kiwanis club, president of the North Shore Toastmasters club and prominent young physician of Ocean Beach, Dr. Winton B. Oster. A partner with Dr. Alfred Sand in the Sand-Oster Clinic, Dr. Oster has accomplished a great deal in civic and medical circles in the comparatively short time he has practiced here.

Dr. Ooster was born on July 13, 1916, in Tabriz, Persia, where his parents were stationed, the first missionaries of the Seventh Day Adventist church to be sent to that Asiatic country. He spent most of his boyhood in Persia and Turkey, learning to speak the languages of those countries, as well as Armenian, as fluently as he spoke English. At 14 he traveled to France, where he enrolled in the Cologne Preparatory school, near the Swiss border. The boy who had never seen snow took to it like a duck to water and became an ardent skier and mountain climber, spending all his vacations in the nearby Alps.

At 16 the future medico came to the States and entered the Indiana Academy at Cicero, Ind., from which he graduated in 1935. It was at the Academy that he met the future Mrs. Oster, who graduated in the same class. Following graduation he enrolled in the pre-medical school at Emanuel Missionary College at Berrien Springs, Mich. After two years at Emanuel he entered the College of Medical Evangelists at Loma Linda, Calif., taking his medical degree from there in 1942. Dr. Oster then took his internship in Boulder, Colo. Following his interneship, the young doctor was granted the Diplomat of National Board medical degree, a high honor in medical circles. This was in addition to his Medical Degree and his Bachelor of Science degree.

On July 1, 1942, Dr. Oster arrived in Ocean Beach and went into partnership with Dr. Sand. Following their marriage in 1938 in Hinsdale, Ill., Mrs. Oster had remained with her husband during his schooling and interneship. The Osters now live at 4504 Voltaire St. Their family consists of Linda Lou, 7, Winton Jr. (Billy), 4, and Frederic, 1. Dr. Oster's parents remained in Persia until a few years ago and are now living in Indiana.

Besides his club interests, Dr. Oster has been very active in his church, in which he is an elder and the leader of the young people's society. His work at the Clinic, at which he does most of the surgery, keeps the doctor too busy for much recreation, although he manages to indulge occasionally in his favorite sport, golf.

OCEAN BEACH SCHOOL NEWS

The sixth grade children have returned and are enthusiastic about their recent experiences at Camp Cuyamaca. Below are a few impressions, taken from written reports by the young campers:

"The camp is a wonderful place. The meals are excellent. All the counselors are swell and lots of fun. They seem like kids our own age."—Donna.

"In cook-outs every two people had a hobo stove—a clean tin can with a sort of door cut out."

"I have always wondered what found out. After the garbage is all collected, they feed it to the animals. The animals don't mind."—Pauline.

"I went animal tracking about a mile from camp. There were four good tracks. The counselor told us to make a wall around the track. Then we filled the track with plaster of paris. We waited about 15 minutes, then hiked back to camp."—Lenard.

"At the camp fires, we sang songs, had skits and stories. 'The Cuyamaca Little Theatre' gave two plays. The first was called 'The Mortgage on the Cow.' It was very funny. The second was 'Zingerella.' It was funnier than the first. The characters were very natural for the parts chosen for them."—Kay.

One item comes from a child who stayed in Ocean Beach. His title—"The Left Overs."

"Most of the sixth grade children went to camp. A few who didn't go made little men out of wire and paper, to represent the ancient people. We also went to the zoo. When the campers came back they were not the only ones who had fun."—Richard.

Most of the faculty spent the Easter vacation in San Diego. Those who stayed here were Miss Petersen, Miss Norman, Mrs. Jones, Mrs. McCarrey, Miss Porter, Mrs. Merit, Miss Wilkowske, Mrs. Karl, Mrs. Conger, Mrs. Sikes, Miss Swenson, Miss Case and Miss Boettger and Miss Hubbard. Mrs. Bradbury flew to and from El Paso, Texas, Mr. Grant to San Jose. Miss Lipp returned from Bayview, Wash., where she was called by the death of her mother. Miss Johnson went to Santa Barbara. Miss Townsend had a short visit in Los Angeles and Palm Springs.

Children of the lower and upper grades were conducted through the Community Center in separate groups this (Friday) morning. The possibilities of the building were explained by Miss Pauline Langston of the City Recreation department. A puppet show followed.

The first grade of Mrs. Sikes had an art exhibit for parents today in the school auditorium. Over three hundred pictures, all painted during this school year, using tempera and water color as medium were shown. Subjects were varied. Many phases of school and home work and play activities, together with impressions from trips, furnished a graphic record of children's experiences.

The group in their program, presented a rhythm band number, "Ace of Diamonds," and two puppet shows, "Three Bears," and "Tar Baby." Later each child pointed out and told about his favorite picture.

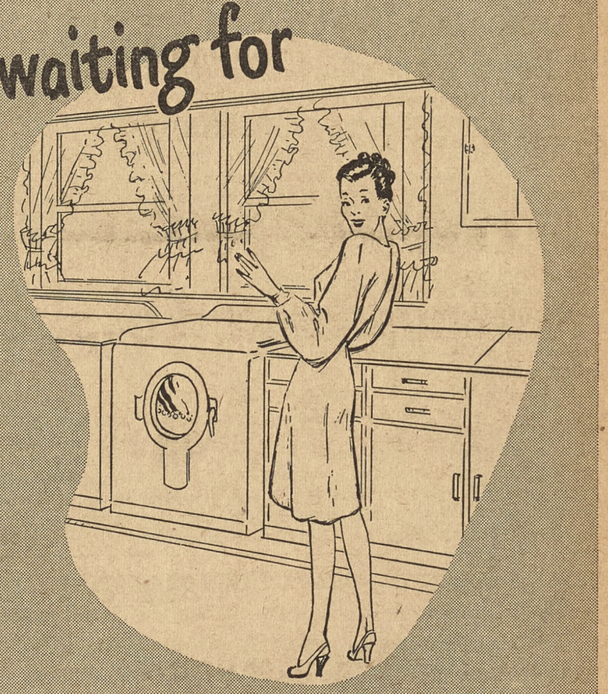
Electricity is worth waiting for


Picture yourself in your afternoon best, doing the Monday wash with an automatic laundry! Just insert the clothes, flip the switch and electricity does the washing, rinsing and drying automatically. Small wonder, then, that 5,000 new customers in San Diego County have applied for electric service and are waiting for the conveniences of new fully automatic cooking, water heaters, automatic laundry, dishwasher, sink, home freezer and other appliances that electricity makes possible.
And WHY some people must wait

Extending service to 5,000 new customers under existing postwar conditions requires TIME. Shortages of construction materials and trained personnel continue as major bottlenecks. Hard-to-get copper wire, transformers and line equipment are being secured in slowly increasing quantities. Many men have been employed, but training requires time. Advertisements in eastern publications for experienced workers produced poor results and prompted the establishment of a school in Chula Vista where ex-G. I.'s and others are being given a nine-months' course of training as linemen.
Our own line construction crews have been augmented by 15 additional private contractor crews and line construction is going ahead at a tremendously accelerated rate. Over 500 new customers are being connected monthly. As new services are "cut in", we frequently hear this expression: . . . "At last we have electricity; it was worth waiting for!"

of what it would bring on the present real estate market.

3. Before they are sold, units will be brought up to standards that will meet city and state building codes.

4. Single and duplex units will be sold to individuals, but multiple units which may not be adapted to single ownership will be offered to occupants if they wish to buy them on a cooperative basis. If occupants do not want them on that basis they will be offered to veterans' cooperative groups and then thrown on the market for large scale private investment.

5. The community in which the units are located will decide whether the demountable units are to be sold in place or are to be moved when sold.

6. No matter how the sales are conducted, there will be no wholesale eviction of tenants. In cases where demountables are sold for erection at another location, they will be sold and removed from the project only as they become vacant.

7. This program applies only to permanent and demountable units which can be remodeled to meet city and state housing standards. The temporary units, such as those in Frontier Project, will remain as long as there is need of them. When the housing situation has eased, the temporary units will be torn down.

Deputy Regional Director John Melville stressed that although the first steps toward disposition will be taken soon, no sales can be expected for at least a year.

City Attorney Jean F. DuPaul, Mr. Post, Mr. Melville and John Arvin, FPHA Area Manager, in conference with Mayor Knox, announced that the first step is for the FPHA Regional Office to recommend termination of the projects. Maps will be drafted and submitted to the city council and city planning commission for approval. The units will then be brought into compliance with building codes, and water and sewer lines relocated where necessary. The costs of repairs will be added to the sale price. Individual water meters will also be installed by the city.

Post said, "It is our intention to recommend all permanent and demountable units to be terminated to make them available for disposition. This means we will be able to cooperate with the city in working out a program for turning them over to private ownership in a gradual, orderly manner. It does not mean we are going to take them off the housing market or that tenants will be turned out into the streets."

The recent trend of the FPHA financing system has been on a strictly cash basis as requested by the Senate Banking and Currency Committee. The housing units formerly sold on a basis of 20 percent down and the remainder on a long term contract. As yet a definite policy has not been decided on.

Another point not yet decided is which occupant of the duplex unit will be permited to buy in cases where both families want it. The present system is to draw lots, but a system of priority possibly may be set up taking into consideration length of occupation and whether one occupant is a veteran. The family which does not get the duplex may be considered for another unit not wanted by the occupant.

Speculation will be discouraged by a provision in the contract stating units can be resold only to veterans at a price approved by FPHA, according to Mr. Post.

STATE COLLEGE NEWS

(By Claire Hollobaugh)

Though we failed to study over the Easter vacation, many of us got to the beach, a few of us worked, and a sizeable number went places. A person scheduled to go places this week-end is Nancy Williams of 1725 Sunset Cliffs Blvd. Nancy is one of the three Aztecs appointed to represent State College in the California Student-Teachers' conference to be held in San Francisco. She left Thursday and will arrive back in San Diego Sunday.

Barbara Lawrence of 3718 Poe St. was in Los Angeles last Saturday and Sunday visiting relatives.

Another Los Angeles visitor was Betty Johnston of 4504 Cape May. Betty was in L. A. last Thursday.

The Tau Delta Chi fraternity threw a beach party for pledges and dates last Friday night at Mission Beach. The pledges particularly had a good time.

Maryolive Cobb, with a group of Aztecs, was in Tiajuana last Saturday night watching the Jai Alai games.

It snowed so hard in the Laguna mountains last week that Bill Plant and his parents had to have their car towed out. Bill was up there last Thursday and Friday during vacation.

Mary Jane Brazell of 1054 Devonshire Dr. is home now after an extensive trip to Denver, Seattle, San Francisco and on home.

Seen at Hotel Del Coronado last Friday evening were Irene Kimall and Mildred Freakly with their dates.

Mildred Van Gessel of 4963 Long Branch played a cello solo in the Youth Symphony orchestra performance at the Army-Navy Y last Sunday evening.

Carmen Price's parents are now home after a trip to Mexico City recently.

Willie and Johnnie Welch of 2665 Jonquil Dr. were present at the 7th Annual Bonham Bros. Easter Concert given in the Ford Bowl at Balboa Park last Sunday.

MOVIE AND BAKERY SALE TO FEATURE PTA MEET

A movie and bakery sale will be held by the Parent-Teachers Association meeting on Friday, April 18, at 7:30 p. m., in the Ocean Beach Elementary school auditorium and tickets will be on sale at the door.

The movie is to be a picture that will interest all ages, report officials of the group. Cartoons and a travelogue will make it a complete two-hour show. The "bake sale" will take place following the movie. Funds raised from the movie and sale will be used by the P. T. A. to carry on their work for improvements at the local school.

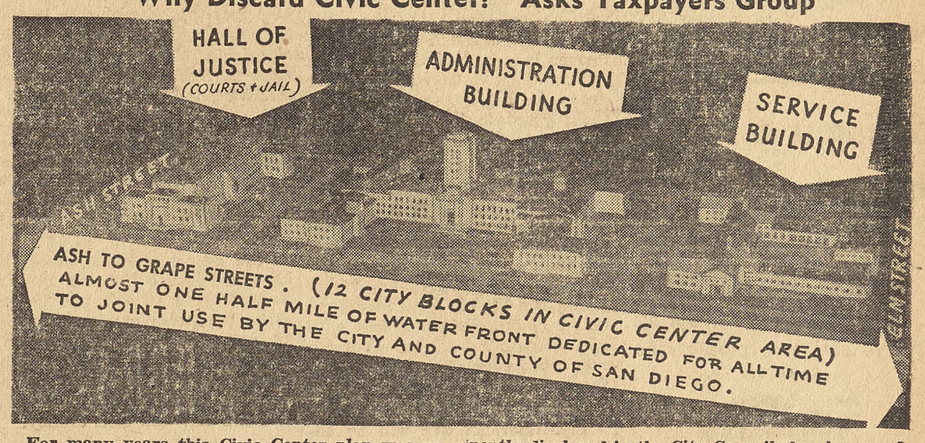
"Why Discard Civic Center?" Asks Taxpayers Group



HALL OF JUSTICE (COURTS + JAIL)
ADMINISTRATION BUILDING
SERVICE BUILDING
ASH STREET
ASH TO GRAPE STREETS . (12 CITY BLOCKS IN CIVIC CENTER AREA)
ALMOST ONE HALF MILE OF WATER FRONT DEDICATED FOR ALL TIME TO JOINT USE BY THE CITY AND COUNTY OF SAN DIEGO.

For many years this Civic Center plan was prominently displayed in the City Council chambers, and the model shown here was on exhibit in the Chamber of Commerce. Enough additional land north from Elm to Hawthorne Sts. would still be available for other buildings or parking areas, thus carrying out the time-honored Nolen Plan of orderly Civic Center development on lands already owned by the city and approved four times in elections by large majorities of voters. Nolen Plan supporters, headed by Col. T. C. Macaulay and others, this week branded as "political trickery" the "junking" of this plan, and the costly condemnation of 28 acres on Cedar Street, as demanded by those favoring the Cedar Street Mall in the April 15 election.

Thousands of San Diego citizens who on four previous occasions voted to locate public buildings on the present Civic Center waterfront site have ben disenfranchised by the Cedar Street Mall proponents who are intent on "junking the long-established Nolen Plan."

Such was the contention this week of Col. T. C. Macaulay, who for 14 years (1927-'41) served as secretary of the Civic Center Committee, headed by the late George W. Marston, San Diego's "Number 1 citizen."

"This group, which also included Hal Hotchkiss, Matt Heller and Julius Wangenheim, was dedicated to carrying out the principles of the City (Nolen) Plan," Macaulay said. "It called for building City-County-State buildings on the over half-mile waterfront between A St. and Hawthorne St., where, despite any tainted assertions to the contrary, there is ample room on a site already owned by the city and county for all such structures.

"This wise City Plan does not require costly condemnation, it does not involve the city in litigation. Between 1927 and 1941, the voters four times by large majorities declared for the Civic Center on the waterfront, and a good [illegible] **county administration building.**

"Whether a majority of our people still agree could have been ascertained at the April 15 election had the present City Plan adherents been permitted to vote for the same plan they supported four times and not been disenfranchised through political trickery."

Macaulay warned that the proposed Cedar Street Mall involved condemnation and removal from the tax rolls of 28 acres of private propery valued at more than $3,000,000, in order to build several structures which would be in the flight path of transport planes landing on Lindbergh Field.

POINT LOMA HIGH NEWS

(By Miss Jeweldean Brodie)

Boys' Week

The Boys' Federation at Point Loma high took over activties for this week, according to Gordon Thompson, president. Lunch duty is being handled by the boys. On Thursday the assembly program will be sponsored by the boys when they bring Kenny O'Neal, former Loman, and his band. The week will be climaxed with a big dance on Friday evening in the Girls' gymnasium. Robert D. Williams, vice-principal, is faculty adviser to the group. Bob Hobson is vice-president.

Pointer Day Approaches

It's here again! The second annual Pointer Day for April 16. Originated by the Pointer Staff last year for the purpose of supplying the library with more and better books, the event met with such success it has now become a Point Loma tradition. Watch for further details next week!

Pan-American Assembly

Pan-American day will be observed at Point Loma on Thursday, April 17, when students in the Spanish department will offer a representative program on the customs and traditions of our neighbors to the South.

HABITS

Leave us now depart from the regular intellectual treatise generally attributed to this exclusive space to partake ourselves of a more or less dry discourse on the merits and demerits of HABITS. Ah-haa! A rather wide topic, you says, for a writer of such limited verbal scope. Well, maybe you're right. So, instead of a discourse, leave us simply define and classify. Habits for our purpose mean ordinary course of conduct, and are divided into four classes: (1) very, very good, (2) good, (3) indifferent, (4) bad. In order to make this ad come out right, we must start with No. 4. Note how expertly a fine example of each class is given:

Bad Habit: Not trading in Ocean Beach.

Indifferent Habit: Not caring where you trade.

Good Habit: Doing all your trading in Ocean Beach.

SAVE SAN DIEGO'S Civic Center

Read what civic leaders say:

Councilman Ernest J. Boud:

"As to a centralized location, we must consider the city as a whole, from Encanto to La Jolla and from Point Loma to La Mesa, rather than just one section of our city.

"Regardless of where any future public buildings are placed, our present Civic Center building will remain exactly where it is for our city and county."

AZURE VISTA NEWS

A cleanup party was enjoyed by the members of the Azure Vista 80 Minors club last Tuesday, April 1, reports Richard Kelley, director of the recreation center in Azure Vista. Armed with scrub brushes, mops and scouring powder, 10 of the teenagers cleaned the windows, walls and woodwork of the Recreation building in preparation for the Egg Scramble dance held Saturday night. Ronnie Jones, Pat Anderson, Donald Murphy, Marchou Lyons, Betty Stelley, Joanne Lyons, Dick Snyder, Ketty Lorenq, Billy Keene and Bill Morley were the young people responsible for the excellent job.

The 20 Juniors club was entertained Friday, April 4, with an Easter egg hunt at their regular meeting. Eight girls hunted eggs and Louise Luckett won the egg basket for finding the most eggs. Refreshments were served, following the egg hunt.

The egg scramble dance held last Saturday night, April 5, at the Azure Vista recreation center, was quite a success with 40 teen-agers present. The youngsters danced from 8 till 11 p. m. to the new recordings presented by the Federal Housing Project Service. A case and two record racks were also provided for the 20 new recordings. Cookies and cup cakes were served in the Snack Bar by the advisors of the club, Mr. and Mrs. Van Gessell and Mr. and Mrs. Kelley.

TEEN CHATTER

By Alyce Rosa

Mellow highlight of the spring season for teenagers throughout the city was "Spring Fantasy" presented by a quintette of social clubs including Trez-N, Galateen, Deb-Ettes, RTG's and La Chere. The proceeds from the dance, attended by about 800 members of the "young set," went to the Society for Crippled Children of San Diego County, Inc., for its Orthopedic Hospital Foundation fund. The idea for this "Junior Charity Ball" was conceived by Priscilla Allen, senior at Point Loma high and president of Trez-N club. Barbara Carr, also a senior at Point Loma, is president of La Chere's, who were in charge of publicity. Among the many couples at the affair we glimpsed: Wilma Sue Pense-Ed Browning; Ruth Anne Person-Jack Peterson; Betty Hodges-Roy Creelman, and Arita Winston-Jack Gross—Jack by the way was featured in the super floor show.

Peggy Elliott recently celebrated her eighteenth birthday with a super shindig at her home. Guys 'n' gals who gathered for the gay doings included: Larraine La Mora, Bob Cornett, Marilyn Patterson, "Snookie" Reffet, Ruth Anderson, Dick Gilbert, Kay Blair, Bob Grom, Jeanne Campbell, Al Mears, Alyce Rosa, Bill Rogers and (natch) Peggy's steady, Ronnie Campbell, who sang "The Desert Song."

Two important dance dates to look forward to are: April 11—The Boys' Federation of Point Loma High school will present "Spring Time" in the girls' gym to culminate "Boys' Week." The dance is in general charge of Gordon Thompson, commissioner of boys' activities and committee members include: Dale Shoupe, John Traxler, Pat Kelly, Ray Keough, Dave Finster, Vic Rosa, Bill Caldwell, Charlie Sprong, Bill Cisco, Bud Newman and Joe Wiggins. April 12—Job's Daughter Bethel 141 will present "Saddle Shoe Stomp" in Memorial Hall, La Jolla. Don't miss this—there'll be a 19-piece band and a surprise floor show.

Another dance to start thinking about is Point Loma High's annual ASB ball set for some time in May at the Thursday club. Social committee co-chairmen Caryl Buell and Peggy Malm are in charge of arrangements.

The following new members have been announced by Jo's: Charlie Sprong, Jerry Howell and Bill Caldwell. Latest additions to the steady list include Frank Barner-Anne Odinot and Dave Ryan-Bonnie Graham. A trek north to Santa Barbara with their parents highlighted Carolyn and Virginia Pendleon's Easter vacation. Betty Jean Potts and Charlotte Henderson tossed 'spring fever' to the winds and spent the days making themselves plaid skirts which are really eye-catching—now they're working on jackets to match. The envy of all the sun worshippers are the gorgeous, even, tans which Pat Jacobson and Janice Lake have already acquired—really vout.

Robert D. Williams, vice-principal of Point Loma High, has announced that senior boys can apply now to represent their school at "Boys' State"—all expenses paid. The annual event, sponsored by the American Legion will take place at the State Fair Ground, Sacramento, June 21-28. All organized student groups on the campus have been invited to enter a character from a book in the annual Pointer Day Character Carnival and Mixer presented by the Pointer, school newspaper. The groups (homerooms, clubs, publication staffs, etc.) can submit one costumed character for each book which they donate to the school library.

And so ends this week's round-up of all that's new in the "teen set" in Ocean Beach. Watch for this column in the next issue of the Ocean Beach News and in the meantime anyone having news for Teen Chatter please call B-5745 . . . thanx!

P. T. A. TO HOLD FIRST SQUARE DANCE IN NEW RECREATION CENTER

The Parent-Teachers Association will hold their regular monthly square dance in the new Recreation Center on Santa Monica near Ebers, this Saturday night, April 12. This dance is scheduled to begin at 7:30 p. m. and there is to be no admission fee. The sponsors emphasize that this is a real opportunity for the people of Ocean Beach to get acquainted with one another, and also a chance to tour and acquaint themselves with our new Recreation Center.

The floor is not completely finished but this disadvantage should not prevent good square dancing, report spokesmen for the group. Efforts are being made to contact a square dance caller, but if this isn't possible records will be played for the dancers.

VOTE YES ON NO. 6

When the voters of Ocean Beach go to the polls next Tuesday in the Municipal General election they will find several very controversial propositions on the ballot. While we shall not attempt to editorialize on the merits of the "red hot" civic center proposition, we do want to advocate a favorable vote on proposition No. 6, for we feel that this is a matter of special concern to Ocean Beach residents.

Proposition No. 6 is a measure which would turn the present city-owned Torrey Pines Park over to the State, thus complying with State legislation requirements making available State funds to purchase San Diego beach areas now in private hands. This is a matter of interest to all residents of Ocean Beach and this proposition alone justifies a large turn-out of voters from this community at the Tuesday elections.

We strongly urge a "Yes" vote on this proposition, as the approval of this measure will result in the future development of the local beach areas into fine park sites similar to the Scripps Park in La Jolla. The State has earmarked $300,000 for the development of these park sites in the San Diego city proper. To take advantage of these funds we must do our part by turning Torrey Pines Park over to the State. A "Yes" vote on Proposition No. 6 will be a step toward making Ocean Beach one of the foremost pleasure spots in California.

MOSCOW—ITS MEANING

The pattern of future world history for many decades to come is being laid at Moscow. The great question is: Will that pattern be one which will result in enduring peace or inevitable war? The main business at Moscow is to draw up a peace treaty for Germany.

On leaving for the Russian capital Secretary of State Marshall was pessimistic declaring that working out an agreement acceptable to all members of the Big Four will be "extremely difficult."

The German peace treaty involves not just Germany alone but the whole matter of relations which have developed between the Soviet Union and the Western powers during the past two or three years.

These relations are admittedly unsatisfactory.

The degree of progress on the treaty will be largely determined by the extent to which the Big Four are able to subdue their fears and suspicions and work for the common good. If the Russians, who are the chief obstructionists to greater international harmony, decide to be more cooperative, then real progress will be possible. On the other hand, if they continue to stall, to bicker and to accuse, the outlook will not be bright.

As we await news of results from Moscow we can only hope that the Soviets will realize that whatever temporary advantage they may gain through obstinate and unreasonable demands will more than be offset in the long run by the evils which will accrue to them as well as to the rest of the world from continued unsettled conditions in Europe.

There are two roads leading from Moscow—one to war, one to peace. For humanity's sake the diplomats must choose the right one.

A mother testifying on behalf of her son, swore that he had "worked on the farm since the day he was born." Triumphantly, the prosecutor pointed a long finger at her and bellowed, "Ah hah! You have stated under oath that your son worked on a farm ever since he was born?"

"I did."

"Then please tell the court what he did the first year."

"He milked," was the prompt reply.

This story went the rounds in India during the war. Seems a GI had been severely reprimanded by his commanding officer for assuming duties outside his domain and without proper orders from his superior. After the reprimand, he solemnly promised to reform.

Not long afterward, his headquarters received a rather startling telegram: "Tiger on loading platform eating lieutenant. Wire instructions."

Otto Von Seeger, president of the Ocean Beach Theosophical Lodge, will leave Monday, April 14, for Washington, D. C., to attend the National Theosophical convention. He expects to be gone a month.

A birthday party was given for 6-year-old Danny Sibbet, Wednesday, April 2. Danny is the son of Mr. and Mrs. J. E. Sibbet of 4776 Pescardero. The decorations were carried out in the Easter theme. Guests were Doris Rich, Dale Orrick, Carol Ann Pollock, Bruce Bailey, Linda Tripp and Jimmy Sibbet, big brother of Danny.

Andrea Hine, Eleanor Wilkevich and Maude Schumacher, all of Ocean Beach, artists, have just finished a very successful group show here, and are now exhibiting at the annual membership show of the La Jolla Art association, in the gallery adjacent to the La Jolla library.

Read what civic leaders say:

Dr. James F. Churchill:

"There is precious little park land left for a city the size of San Diego. Let's not surrender any more of Balboa Park; let's vote in favor of the Cedar Street Development."

Robert Noonan:

"Any unprejudiced person who carefully examines the facts cannot help favoring the Cedar Street site for our greater Civic Center."

beach property, including that now in private hands. It has been my hope and ambition for the City to acquire other beach property so that the people would have small parks similar to Scripps Park in La Jolla along our shoreline. Mrs. Florence Scripps Kellogg recently made a very gracious gift of land adjacent to Scripps Park, but, aside from this, the City has not been able financially to purchase other property.

"We have an opportunity, however, on April 15 to acquire beach land at no expense to your City government. In 1946 the State Legislature appropriated $10,000,000 to acquire ocean frontage to be dedicated for park purposes. San Diego's share of this fund is approximately $300,000. For matching purposes the City can use cash or, in lieu of cash, beach property already owned by the City. This is the reason for Proposition No. 6, which will be voted upon in the General Election on Tuesday, April 15. The City owns some 3½ miles of beach just south of the City's northern boundary. All of this land has been dedicated for park purposes. To use this land as a matching fund, we must have permission from the people to transfer this land to the State Park Commission. The State will then have this land appraised and a like amount of money will be used to purchase other beach lands not now owned by the City. After this land is acquired by the State and dedicated as park land in perpetuity, it will be leased to the City for 50 years on the basis of a dollar a year.

"Unfortunately, the legal phraseology is most confusing and in no way explains the full purpose and intent of Proposition No. 6. It is, therefore, most important that every voter broadcast the necessity for a "Yes" vote. We of this generation have had full enjoyment of San Diego's beaches—let's do our share to protect and preserve them for the generation of tomorrow."

FIRE CHIEF *Continued*

the following fire prevention rules:

"Do not dump rubbish or combustible materials in canyons or on vacant lots. Such dumping is dangerous and illegal. Free city refuse collection is provided in all parts of the city. Avoid the use of open fires or improvised incinerators for refuse disposal. As a safety measure, keep a garden hose with a nozzle connected to an outlet at all times. Such a provision will furnish protection for both the inside and outside of structures, and may enable control of a fire until the arrival of the fire department."

Billy Oster celebrated his fourth birthday Wednesday at a party at his home, 4504 Voltaire St. Several of his young friends were invited and games and refreshments enjoyed.

J. B. PRICES RETURN FROM MEXICAN TOUR

Mr. and Mrs. J. B. Price of 1775 Ebers St. returned last week after a two-week vacation in Mexico. They left Ocean Beach and traveled by train to Chihuahua, Mexico, where they visited with relatives and toured the city for several days. They continued from there to Mexico City, where they spent 10 days. Mrs. Price said there were not enough words in the English language to start to describe the beauty that old Mexico has to offer. In their tour of the city they visited the "Chapulpec," where all ancient relics are kept. The archaic churches and beautiful flowers greatly impressed the Prices, along with the gay and delightful people of Mexico City. They took an entirely different route coming back, traveling via western Mexico.

at Jacumba hotel for dinner. The croaking of frogs at Jacumba attracted our attention, also the coffee shop friendliness. Overnight at Barbara Worth Hotel in El Centro, named after Harold Bell Wright's famous novel.

"April 6—Easter Sunday. En route from El Centro to Tucson, with stop at Gila Bend for lunch. Very few of the desert flowers are in bloom yet.

April 7—Stop at Tombstone feature of day's drive. Took side trip to Douglas in order to see Tombstone, 'the town that was too tough to die.' At Douglas we were told that the city was experiencing a boom, with more well-irrigated farm land under cultivation. This evening visited Amador hotel in Los Cruces to see historical souvenirs there. Trip thus far through 90 per cent waste land. Really surprising how much of this southwest country could just as well have been left to the Indians."

the effectiveness of architectural control, indicating that control can be enforced to the degree of "forcing builders to conform to the architectural standards of the surrounding neighborhood." He recommended that residents who feel that these controls are being violated in their neighborhood should get in touch with the city planning commission. "The commission will investigate these complaints," said Mr. Haelsig.

Tosh emphasized the benefits to this community of an adequate fishing pier and said that Mayor Knox shared his faith in the advantages to both the beach area and the city itself of a pleasure pier which will attract fishermen from all parts of the country. Steven Young, Carl Schroeder and Oscar de Beck also voiced their enthusiasm for completion of the pier.
